

Details about the Program

The seminar is suitable as well as for „beginners“ as for people with more experience.

During the seminar, we will have one free day for excursions or just to relax. But also on the seminar days, there will be enough time for relaxation, leisure, holiday fun or a great massage in the SPA!

In the first half of the seminar we focus on arriving and letting go all the stress of our daily life. We will also focus on the target to become more aware of the own body and be totally present with the soul. We achieve this by laughter yoga, breathing exercises, meditations, dynamic exercises, energy and chakra work.

The second part of the seminar will be focused on creating new visions. We will celebrate tantric rituals,

touch, joy of life, fun, perception of senses and sensual encounters.

The Topic – “like in Heaven on the Island of the Gods”

Sunny weather, green landscape, blue sea, colors everywhere (blossoms, flags, scarfs and clothes), a very close connection of the Balinese people with the hinduistic religion – as a visitor you can feel close to heaven being on this island. With the fantastic resort in the middle of a coconut plantation and with its luxurious villas, the outstanding food and the most beautiful seminar room we ever saw, the circumstances are also like in paradise. The seminar program with tantric flower rituals, sensual massages, powerful meditations and exercises as well as the deep connection with the other people in the group let us finally feel like “in heaven”.
